

# Looking for Groups

Small and Large to participate in our Backpack Program

Giving Back will provide the backpacks, and ask that you return **them** in December filled with new:

Warm  
Sweatshirt  
and warm  
winter  
wool socks

Thermal Underwear  
and winter hat and  
gloves

Groups can be church youth groups, small or large businesses, neighborhoods, schools, or even families!

On Christmas Eve you can join us as we deliver the **backpacks** to the streets of Baltimore and Washington DC and provide the homeless with life saving gear!

We need over 3000 filled backpacks, and welcome groups doing as few as 5.

**A Giving Back volunteer will help your group** collect and fill backpacks. If your organization wants to participate, in any capacity, large or small, we can use your help. We will assign a contact person to you who will help with the little details, and then support you to the end of the drive.
